

**PENNDOT ASPHALT LEVEL 1 PLANT TECHNICIAN
REVIEW & CERTIFICATION COURSE
2020**

The PennDOT Asphalt Level 1 Plant Technician Review and Certification Course includes a two-day review course for technicians directly involved with asphalt pavement mixture design, asphalt mixture production, process quality control and/or quality assurance testing, with a written examination on the third day. The course was developed by NECEPT in cooperation with PennDOT and private industry. For qualified applicants, attending this review course and passing the examination fulfills the requirements for Level 1 Plant Technician certification.

This is a review, not a training course. Therefore, a working knowledge of basic principles and procedures for volumetric asphalt mixture design and production is necessary. **Recommendation by signatures of a Certified Asphalt Plant Technician and either a PennDOT District Materials Engineer/District Materials Manager, a PennDOT Bureau Representative, a PA Turnpike Commission (PTC) Representative, or their designates, and a minimum of 500 hours of work experience related to asphalt mixture plants are required to qualify for this course.** The certification period is five years. Renewal may be obtained according to procedures described in PennDOT Pub. 351.

Course materials include a notebook compiled by NECEPT that contains numerous PennDOT documents: specifications for materials sampling, testing and acceptance; Bulletin 27 with guidelines for designing Superpave mixtures; PennDOT test methods (PTMs). Participants will only be tested on the AASHTO test methods incorporated by PennDOT in Bulletin 27 and Pub. 408. The “Hot Mix Asphalt Paving Handbook”, approved as a guide by AASHTO, FHWA, industry and other organizations, is also provided. Selected materials from the new National Highway Institute HMA plant course, “HMA Production Facilities” may be added. These are supplemented by lectures, slides, videos, overheads and various handouts including workshop problems and practice quizzes. The examination will be open book, consisting of multiple choice and true/false questions. Each participant scoring 75 (seventy-five) percent or better will be sent a PennDOT Asphalt Level 1 Plant Technician certificate, wallet card, and hard hat sticker within approximately three to five weeks.

- **Picture identification is required.** Identification will be verified upon check in and on the day of the examination. Applicants will not be allowed to take the examination without picture ID.
- Participants should bring a calculator and pencils/pens to class. A No. 2 pencil is required to fill out the exam answer sheets for computer grading.
- Frequent informal breaks will be given at the instructors’ discretion. Morning beverage/snack breaks will be provided all three days; lunch and afternoon beverage/snack breaks will be provided the first two days.

LEVEL 1 PLANT TECHNICIAN REVIEW & CERTIFICATION COURSE AGENDA⁽¹⁾

DAY 1	
TIME	TOPIC
7:30 – 8:00 a.m.	Check In
8:00 – 8:30 a.m.	Technician’s Responsibilities
8:30 – 9:00 a.m.	Safety First
9:00 – 10:00 a.m.	PennDOT Specifications
10:00 – 10:15 a.m.	BREAK
10:15 – 11:00 a.m.	PennDOT Test Methods
11:00 a.m. – 12:00 p.m.	PennDOT Bulletin 27
12:00 – 1:00 p.m.	LUNCH
1:00 – 2:00 p.m.	Aggregate Properties, Tests & Gradation
2:00 – 3:00 p.m.	Aggregate Blending Workshop
3:00 – 3:30 p.m.	Review
DAY 2	
8:00 – 9:00 a.m.	Specific Gravity & Absorption
9:00 – 10:00 a.m.	Density & Void Analysis
10:00 – 10:45 a.m.	Plant Quality Control
10:45 – 11:45 a.m.	Asphalt Mixture Plant Operation
11:45 a.m. – 12:45 p.m.	LUNCH
12:45 – 1:30 p.m.	Warm Mix Asphalt
1:30 – 2:15 p.m.	Stone Mastic Asphalt
2:15 – 3:15 p.m.	Review & Self-Grading Quiz
DAY 3	
8:00 – 8:30 a.m.	Discussion and Review
8:30 – 11:30 a.m.	Exam
