The dates listed above are the **ONLY** bituminous certification exam retest dates that NECEPT offers. If you are unable to retest on one of the scheduled dates, you may submit a request to NECEPT, in writing, with an explanation of why you are unable to attend one of the normally scheduled dates. Permission for an alternate date will be accepted on a case-by-case basis. **THE EXAM RETEST DATE MUST BE ONE MONTH AFTER THE ORIGINAL EXAM DATE AND WITHIN FOUR MONTHS OF THE ORIGINAL EXAM DATE!** Failure to complete your retest within the four month time frame will result in having to attend the Review and Certification Course or Superpave Volumetric Mix Design Workshop again. Therefore, it is strongly recommended that you apply for the earliest available exam retest date. Only one exam retest is allowed before you are required to retake the entire Review and Certification Course or Superpave Volumetric Mix Design Workshop .
